Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Monday 02 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloud breaking to clear spells overnight. Fine, sunny spells Tuesday.

This Evening and Tonight:
Any lingering cloud mostly dispersing through the evening to leave long clear spells with light winds. This will give a chilly night with a few mist patches developing in prone spots around dawn. Minimum temperature 8 deg C (46 deg F).

Tuesday:
Chilly start with any early mist soon clearing. Sunny morning before cloud increases by afternoon, but most areas staying fine. Chance of a shower later. Light winds. Maximum temperature 22 deg C (72 deg F).

Outlook for Wednesday to Friday:
Sunny spells and heavy showers developing each day, perhaps thundery downpours. These perhaps more widespread Thursday and merging into longer spells of rain. Temperatures near normal or rather cool.
